

HONORS

IDSA Student Merit Award | *Midwest Undergraduate Winner*

2026

EXPERIENCE

Industrial Design Intern | UIC School of Engineering*Hybrid | Chicago, IL*

// Feb 2025 - Apr 2025

- Designed and refined physical components in CAD for an engineering capstone team, using 3D-printed prototypes to evaluate fit and guide revisions.
- Worked directly with electrical and computer engineering students to resolve design constraints as the project developed.
- Presented final concepts and prototypes at the UIC Engineering EXPO.

Nortier Restoration | Furniture & Photo Restoration*Entrepreneur | Westchester, IL*

// Jul 2017 - Present

- Refinish and preserve vintage furniture with attention to original construction and material character.
- Research original finishes and construction details to guide restoration decisions.
- Restore damaged photographs in Photoshop while preserving the qualities of the original image.

Wayback Burgers | Senior Shift Supervisor*In-Person | Darien, IL*

// Aug 2022 - Oct 2025

- Trained new employees and helped keep shift operations running smoothly during busy service periods.

PROJECTS

Somnium | CPAP System

// Sep 2024 - Feb 2025

- Designed a CPAP system to reduce friction in nightly use, informed by interviews with sleep specialists.
- Developed the mask interface and bedside unit through physical prototyping, using each iteration to refine comfort and usability.

X-TRACT | Dyson™ Collaboration

// Jan 2024 - Mar 2024

- Developed physical prototypes and product visualizations for a consumer product concept in collaboration with Dyson engineers.
- Refined the concept through critique and presented the final design to project stakeholders.

Interdisciplinary Design Research Studios

// Aug 2025 - May 2026

- Conducted interviews and surveys across research studios focused on first-generation student experiences and phone distraction in gym environments.
- Synthesized findings with multidisciplinary teams into design opportunities and presented proposals to stakeholders, including the UIC Provost's Office.

SKILLS

Design: Sketching, Product Design, User Research, Ideation, Physical Prototyping, Visualization**Software:** Rhino 7, SolidWorks, KeyShot, Adobe CC Suite, Sketchbook Pro, 3D Printing

EDUCATION

BDES Industrial Design*University of Illinois Chicago (UIC)*

// Aug 2022 - May 2026

- Magna Cum Laude | GPA 3.91 / 4.0 | Dean's List (All Semesters) | IDSA
